

Matlock Electric's Advance Exchange Program comprehensively offers the customer a solution to immediately get back into production. Advance Exchange is a unique value added program designed and utilized exclusively by Matlock Electric Co., Inc. to provide fast, high quality, customer service at an affordable price.

Advance Exchange is offered on a national basis for all NEMA frame electric motors in pre-NEMA U-frame and T-frame sizes.

BENEFITS:

- ❑ Minimum Down Time
- ❑ No Investment in Spares Inventory
- ❑ Matlock Three Year Warranty
- ❑ Immediate Shipment
- ❑ A Known Not to Exceed Price

"Our commitment to constantly improving our services to you is the heart of our plan for success into the next century"
